Subject: DNR Plans for Oil & Gas Leasing Adjacent to the North Aleutian Basin

All-

Sorry, I was wrong about sending it to you next Tuesday. The info was much easier to find than I thought.

DNR just recently issued a call for new info on updating their Best Interest Findings for the Alaska Peninsula, which would be adjacent to the MMS's North Aleutian Basin proposed leases. The comment period closed on December 31st and they should have written finding issued sometime next month.....
